COMET MINI
THE NEW LOOK OF ADVENTURE.
With the all-new Comet Mini, Starcraft delivers a stylish camping experience with ultra-lightweight, easy-to-tow convenience. Innovative floorplans let you choose the right layout for you, each with great features, including quality cabinetry and appliances, a queen-size bed and roomy dinette. You can count on Starcraft for top-quality construction details, starting with a one-piece fiberglass roof for added reliability and the style and durability of diamond plating. It’s all about better design and craftsmanship — you can max out your next camping adventures.

In every direction, the Comet Mini impresses with quality and attention to detail. Beautiful warm sugar maple cabinetry, contemporary countertops and window treatments with pleated shades take the stylish interior to the next level. An 18,000 BTU furnace and optional air conditioner and Fan-Tastic® fan ensure all-season comfort and help you extend your camping season.

Highlights of the entertainment center include an optional LED TV with cable prep, a digital antenna, a stereo with Bluetooth and both inside and outside speakers.

The Comet Mini can handle all your gourmet meals, with a two-burner stove, convection microwave, a refrigerator and maximized cabinet storage. The galley is also equipped with a convenient over-sink light.
TWO-YEAR WARRANTY
At Starcraft, we are proud to back our RVs with a two-year manufacturer’s limited warranty. For a copy of the two-year limited warranty with full terms and conditions, ask your local Starcraft RV dealer.

Another important part of our commitment to better construction is the exclusive TuffShell™ wall design. Using vacuum-bonded lamination, TuffShell combines welded aluminum framing, fiberglass sidewalls and metal backers, ensuring that Starcraft RVs can stand up to the toughest conditions.
