Dating back to 1903, Starcraft was founded as a farm equipment manufacturer, then added marine manufacturing to its lineup, followed by tent campers in 1964. Since that time, Starcraft has earned its reputation as a well-established manufacturer of travel trailers and fifth wheels. It’s a safe bet to say that a name dating back 117 years, and a leader in the RV industry for over 50 years, will continue to prosper. With leading-edge product innovation and a customer-first focus, we look forward to seeing what the future holds. Undoubtedly, it will include Camping, Pure and Simple.

Unloaded Vehicle Weight (UVTW). Specifications reflected as “Dry Weight” UVTW means the typical weight of this model as built at the factory. The UVTW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, etc., or dealer-installed accessories. Weight of RV is subject to weight limits. The addition of these types of items will either add to or subtract from the listed hitch weight. It is important to your safety and enjoyment that your tow vehicle be appropriately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a head start for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice backing up, driving, backing up and turning in a safe environment or seek out professional instruction. Starcraft allows a weight limit to each RV which lists weight information for that vehicle. See specifications chart on the respective pages of this brochure.

Starcraft RV reserves the right to make changes and to discontinue models without notice or obligation. Photography may show optional equipment not used for decoration purposes only. RVs built for sale in Canada may differ to conform to Canadian codes. Starcraft and the S are registered trademarks of Jayco, Inc. Printed in U.S.A. 08/27/20
